

User/Group Permissions - Accounts & Permissions Section		Permissions Enabled For Each Standard Group						
Permission	Description	ADMIN	BILL	OWN	R/O	TECH	UPDATE	DEFAULT
ContactAdd	Create a Contact	x	x	x		x		
ContactGet	Get information about Contacts	x	x	x	x	x		
ContactUpdate	Modify a Contact's information			x				
ContactDelete	Delete a Contact			x				
CustomerGet	Get information about Customers							
CustomerGetPref	Get a list of Customer's Preferences							
CustomerSetPref	Modify a Customer's Preferences							
CustomerReadIPACL	View a Customer's IP Access Control List							
CustomerUpdateIPACL	Modify a Customer's IP Access Control List							
CustomerAddNote	Add a Note to a Customer's Account							
GroupGet	Get information about Permission groups	x		x				
PermissionGet	Get a list of permissions	x		x				
PermissionUpdate	Modify Permissions and Permission groups	x		x				
UpdateUserAdd	Create an Update User			x				
UpdateUserDelete	Delete an Update User			x				
UpdateUserUpdate	Modify an Update User			x				
UpdateUserLogin	Allow an Update User to Login to the Dynect DDNS Client						x	
UserAdd	Create Users			x				
UserGet	Get information about User accounts	x	x	x	x	x		
UserUpdate	Modify a User's account			x				
UserDelete	Delete a User			x				
UserBlock	Block a User			x				
UserUnblock	Unblock a User			x				
UserLogin	Log in to the Dynect system	x	x	x	x	x		x
UserChangepw	Change User Password	x	x	x	x	x		
UserAddNote	Add a note to a User's account			x				
UserAuthGetPW	Retrieve User password			x				
User/Group Permissions - Services		Permissions Enabled For Each Standard Group						
Permission	Description	ADMIN	BILL	OWN	R/O	TECH	UPDATE	DEFAULT
CDNManagerAdd	Create a CDN Manager Service							
CDNManagerDelete	Delete a CDN Manager Service							
CDNManagerUpdate	Modify a CDN Manager Service							
CDNManagerGet	Get information about CDN Manager Services							
CDNManagerFailover	Force a CDN Manager Service to Failover							
CDNManagerRecover	Force Recovery of a CDN Manager Service currently in Failover							
DDNSAdd	Add a Dynamic DNS Service	x		x				
DDNSGet	Get information about Dynamic DNS Services	x		x	x	x		
DDNSUpdate	Modify a Dynamic DNS Service	x		x		x		
DDNSDelete	Delete a Dynamic DNS Service	x		x				
DDNSActivate	Enable a disabled Dynamic DNS Service	x		x		x		
DDNSDeactivate	Disable a Dynamic DNS Service without deleting it	x		x		x		
DDNSResetAbuse	Reset the Abuse Count on a single Dynamic Host	x		x		x		
DDNSUnblock	Unblocks a Dynamic DNS Service that was blocked for abuse	x		x		x		
DNSSECAdd	Add a DNSSEC Service	x		x				
DNSSECGet	Get information about DNSSEC Services	x		x	x	x		
DNSSECUpdate	Modify a DNSSEC Service	x		x		x		
DNSSECDelete	Delete a DNSSEC Service	x		x				
DNSSECActivate	Enable a disabled DNSSEC Service	x		x		x		
DNSSECDeactivate	Disable a DNSSEC Service without deleting it	x		x		x		
FOAdd	Add a Failover Service	x						
FOUpdate	Modify a Failover Service	x						
FODelete	Delete a Failover Service	x						
FOGet	Get information about Failover Services	x						
FOActivate	Enable a disabled Failover Service	x						
FODeactivate	Disable a Failover Service without deleting it	x						
FORecover	Force Recovery of a Failover Service currently in Failover	x						
GeoAdd	Add a GeoTM Service	x						
GeoUpdate	Modify a GeoTM Service	x						
GeoDelete	Delete a GeoTM Service	x						
GeoGet	Get infomation about GeoTM Services	x						
GeoActivate	Activate a disabled GeoTM Service	x						
GeoDeactivate	Deactivate an active GeoTM Service	x						
GSLBAdd	Add a Dynect Traffic Manager Service	x						
GSLBUpdate	Modify a Dynect Traffic Manager Service	x						
GSLBDelete	Delete a Dynect Traffic Manager Service	x						
GSLBGet	Get information about Dynect Traffic Manager Services	x						
GSLBActivate	Enable a disabled Dynect Traffic Manager Service	x						
GSLBDeactivate	Disable a Dynect Traffic Manager Service without deleting it	x						
GSLBRecover	Force Recovery of a Dynect Traffic Manager Service currently in Failover	x						
LBAdd	Add a Load Balance Service							
LBUpdate	Modify a Load Balance Service							
LBDelete	Delete a Load Balance Service							
LBGet	Get information about Load Balance Services							
LBActivate	Enable a disabled Load Balance Service							
LBDeactivate	Disable a Load Balance Service without deleting it							
LBRecover	Force Recovery of a Load Balance Service currently in Failover							
ReverseDNSAdd	Add a Reverse DNS Service	x		x				
ReverseDNSGet	Get a list of Reverse DNS Services	x		x	x	x		
ReverseDNSDelete	Delete a Reverse DNS Service	x		x				

Legacy permissions from prior TM products

Legacy permissions from prior TM products

ReverseDNSUpdate	Modify a Reverse DNS Service	x		x		x		
ReverseDNSActivate	Enable a disabled Reverse DNS Service	x		x		x		
ReverseDNSDeactivate	Disable a Reverse DNS Service without deleting it	x		x		x		
RTTMAAdd	Add a Real Time Traffic Management Service	x						
RTTMUpdate	Modify a Real Time Traffic Management Service	x						
RTTMDelete	Delete a Real Time Traffic Management Service	x						
RTTMGet	Get information about Real Time Traffic Management Services	x						
RTTMActivate	Enable a disabled Real Time Traffic Management Service	x						
RTTMDeactivate	Disable a Real Time Traffic Management Service without deleting it	x						
RTTMRecover	Force Recovery of a Real Time Traffic Management Service	x						
User/Group Permissions - Reporting		Permissions Enabled For Each Standard Group						
Permission	Description	ADMIN	BILL	OWN	R/O	TECH	UPDATE	DEFAULT
LogGet	Get BILL logs	x		x	x	x		
StatsGetCSV	Get a list of Statistics as Comma Separated Values					x		
StatsTopHosts	Ability to get a list of top hosts queried							
User/Group Permissions - Zones & Records		Permissions Enabled For Each Standard Group						
Permission	Description	ADMIN	BILL	OWN	R/O	TECH	UPDATE	DEFAULT
RecordAdd	Add a Record	x		x		x		
RecordUpdate	Update a Record	x		x		x		
RecordDelete	Delete a Record	x		x		x		
RecordGet	Get information about Records for a zone	x		x	x	x		
RecordBulkAdd	Add multiple Records for a zone at a time	x		x		x		
RecordBulkUpdate	Update multiple Records for a zone at a time	x		x		x		
RecordDiscard	Remove pending Record changes for a zone	x		x		x		
RedirectAdd	Add a HTTP Redirect Service	x		x				
RedirectGet	Get information about HTTP Redirect Services	x		x	x	x		
RedirectUpdate	Modify a HTTP Redirect Service	x		x		x		
RedirectDelete	Delete a HTTP Redirect Service	x		x				
SecondaryGet	Get information about Secondary Services	x		x	x	x		
SecondaryUpdate	Modify a Secondary Service	x		x		x		
SecondaryDeactivate	Disable a Secondary Service without deleting it	x		x		x		
SecondaryActivate	Enable a disabled Secondary Service	x		x		x		
TaskGet	Get information about Tasks				x			
TaskCancel	Cancel a Task							
TransferListGet	Get information about External Nameserver Services	x		x	x	x		
TransferListAdd	Add an External Nameserver Service	x		x		x		
TransferListUpdate	Modify an External Nameserver Service	x		x		x		
TransferListDelete	Delete an External Nameserver Service	x		x				
TransferListActivate	Activate a disabled External Nameserver Service	x		x		x		
TransferListDeactivate	Deactivate an External Nameserver Service	x		x		x		
TSIGAdd	Add a Transaction Signature (TSIG)	x		x				
TSIGGet	Get information about Transaction Signature (TSIG) keys	x		x	x	x		
TSIGDelete	Delete a Transaction Signature (TSIG) key	x		x				
TSIGUpdate	Modify a Transaction Signature (TSIG) key	x		x				
ZoneCreate	Create a Zone	x		x				
ZoneUpdate	Modify Zone information	x		x		x		
ZoneGet	Get information about Zones	x	x	x	x	x		
ZoneRemove	Delete a Zone	x		x				
ZoneImport	Import a Zone	x		x				
ZoneTransfer	Transfer a Zone	x		x				
ZoneMigrate	Migrate a Zone from DynDNS.com	x		x				
ZoneAddNode	Add a node to a Zone	x		x		x		
ZoneRemoveNode	Delete a node from a Zone	x		x		x		
ZoneRemoveNodeRecursive	Recursively delete nodes from a Zone	x		x				
ZoneFreeze	Freeze a Zone, preventing changes	x		x				
ZoneThaw	Unfreeze a Zone, allowing changes again	x		x				
ZoneRelease	Unlock a Zone, allowing changes	x		x				
ZonePublish	Publish pending changes to a Zone	x		x		x		
ZoneInitialPublish	Begin serving a new zone	x		x				
ZoneChangeset	Get a list of pending changes to a Zone	x		x	x	x		
ZoneDiscardChangeset	Delete pending changes to a Zone	x		x		x		
ZoneChangeLog	Get a list of historical changes to a Zone	x		x	x	x		
ZoneNotes	Get a list of Notes on a Zone	x	x	x	x	x
